- - - And There Is Light

THOMAS ALVA EDISON—a mere newsboy to the residents of Milan, Ohio, was destined to become the "Master of Electricity" to the world.

Under the glorious American system of free enterprise, the "Wizard of Menlo Park," through ingenious and tireless investigation, brought new light to the world's globe through the glow of the incandescent lamp.

Seventy-five years ago on October 21, 1879, Thomas Edison flipped the switch which gave mankind "Light for freedom, power for progress."

FOREWORD

A school term begins, and there are classes.

A yearbook staff meets, and the tale unfolds of a typical school year in a typically American Town, Northampton.

Like one big happy family 1,312 students are fused in the task of learning to be good American citizens.

Like a big happy family one hundred and seventy seniors cope with present problems, glow with dreams of the future, and fondly remember the past.

Yes, this is our story as the process of enlightenment moves slowly but surely to prepare us for the world of tomorrow. Then before we are aware of it—

Graduation arrives, and there are diplomas.

The *Amptennian* is published, And There Is Light.

THE TORCH

With the discovery of fire "Mr. Savage" found that he could carry heat, fight off wild beasts, and brighten his dismal cave.

The torch was truly man's earliest means of bringing light into a dark, uncivilized world. Perhaps that is why it has always remained a cherished symbol of human progress. It is the basic step in man's search for light.

Ira L. Sheaffer, B.S. M.A.

July 29, 1882 - May 18, 1954

Teacher In
Northampton Schools
1911 - 1922

Principal of
Northampton High School
1922 - 1946

Reverently do we pause to pay tribute to a man who, for more than a quarter of a century, was the heart of education itself in Northampton. Thousands of Alumni at home and abroad remember the warmth of his voice and smile, his enthusiasm for scholarship, his sermonettes on the "good" life. Each student was a life to him; each was close to his heart. May our lives always reflect the light of his friendship, his wisdom, his loyalty to our schools and our community.

Our "Miss Light"

It all began sixteen years ago at an ordinary neighb:rhood auction when a quaint antique candlestick and snuffer caught the fancy of our competent school nurse. Little did anyone dream, and least of all Miss Lottie Moyer, that this innocent purchase would result in one of the finest light collections in Pennsylvania.

Thrilled with her tiny purchase, Miss Moyer began a serious study of antiques, visited more auctions, and traveled extensively in search of new lights.

By 1946 Miss Moyer became the first of seven Pennsylvanians to be honored with membership in the famous Rush Light Society where eligibility is determined by the size of collection, lecture experience, and research work.

M'ss Moyer now possesses more than 275 lights which came from all corners of the earth and go back in time to the classical lamps of Ancient Greece and Rome. Her library on light development is excellent, and her success as a lecturer is well known. Speaking to the Bucks County Historical Society, Craftsmen's Guilds, Museum Auxiliaries, Women's Clubs is all part of the fun for our energetic school nurse.

These have been busy, happy years for Miss Moyer, and the class of 1955 proudly hails her "Miss Light."

Men of Foresight–The Master Switchboard

Our School Board recesses from serious business to give us a picture.

Standing: Robert L. Jones, Kenneth Haidle, Paul O. Bachman, Jerome W. Burkepile, Jr., Solicitor; Stanley Easterday, Russel S. Becker, Claude E. Troxell.

Seated: Dr. George A. Eichler, Superintendent; George C. Newhard, Howard G. Raubenhold, Secretary; Robert D. Schaffer, President; Eugene R. Milham, Treasurer; Charles H. Newhard, 1st Vice-President.

Our School Board members serve the community well as they efficiently focus their individual attention on our school problems. They are concerned with directing our learning, formulating educational policies, and searching for new ways to improve our schools.

They give unstintingly of their time to the serious business of education. This year has been particularly important as tentative plans for a new senior high school slowly but surely became a wonderful reality—thanks to these men of foresight.

George A. Eichler A.B., M.A., Ed.D,

Superintendent of Schools

An outstanding twenty - four year service record puts Dr. Eichler tops on the *Who's Who* list of educators in Northampton and in the Keystone State. Our energetic superintendent carries on the educational and business administrative work which makes his office truly the nerve center of our entire school system.

Expertly They Direct the Current of Learning

Two expert assistant administrators and a staff of well-trained secretaries help to coordinate our highly complex school program.

At the right we see Miss Racheal Nichols and Miss Phyllis Vandergrift expediting School Board business and the problems of the Superintendent's office.

Below at the left—Mr. Albert M. Lerch, B.S., M.Ed., our Assistant Administrator and Head Guidance Director, consults Miss Mildred Kraftician and Mrs. Elizabeth Keiser about the day's conference schedule

Below right—Mr. Edwin Berg, A.B., Assistant Administrator, examines student activity accounts with Mrs. Jean Hartman.

Norman A. Laub, B.S., M.A.

Principal

The barbs and tangles of school problems unravel easily when placed in the hands of our efficient principal. He throws light on the questions of today while he visualizes brighter methods of learning for tomorrow.

The elementary schools say farewell with flowers toMrs. Smith.

A "Note" of Thanks

Forty-two years ago a young girl with a diploma under her arm and a dream in her eyes left Kutztown State Teachers' College and came home to teach.

Certainly Mrs. Helen Newhard Smith needs no introduction to the people of Northampton. For fo ty two years she served her community well. From 1931 to 1954 we knew Mrs. Smith as supervisor of music in our elementary schools.

There was always a welcome light in the children's eyes when "Miss Newhard" came to sing. We have pleasant memories of those gay operettas. Remember—

The Magi's Gift in 1933

Happiness Highway in 1934

A Mischievous Mouse In Toyland in 1938

The Children of Buttercup Commons in 1948

Each year there was a new, sparkling operetta to delight us all. *Around The Seasons,* the 1953 production, closed the curtains on a long, successful career in music for our "Miss Newhard."

Students, fellow teachers, and friends now join in wishing Mrs. Smith many happy years in retirement with good health all along the way.

Mrs. Funke and Dr. Eichler present Mrs. Smith with a special token from her fellow teachers.

Twelve New Teachers Receive A Hearty Welcome,

September—and a tea table loaded with good food—means our faculty is ready to greet the new teachers. Standing — Mr. Harry Wall, P. S. E. A. President, introduces Mr. Billy (our ex-wrestling champ) to the girls. Seated— Miss Castow, Mrs. Mechtly, Mrs. Obrecht, Mrs. Leidy, Mrs. Anderson.

Workshop Time for Teachers

On October 19 our faculty met in the Flamingo Room for "The pause that refreshes" and then tackled serious school business.

There were lectures by Miss Ethel McCormick and Dr. L. M. Johnston. Later Mr. Millard Gleim spoke on "Legislation;" Mr. Robert Rosenkrance on "Retirement;" and Mr. Thomas Watkins on "Public Relation." the result—a greatly enlightened faculty.

P.S.E.A. workshop lecturers compare notes.
Standing—Mr. Robert Rosenkrance, Mr. Thomas Watkins, and Mr. Harry Wall, local P.S.E.A. President.
Seated—Mr. Millard Gleim and Dr. L. M. Johnston.

Tea, and Sympathy From Their Colleagues

New Teachers have special problems.

At left Mrs. Anderson explains her mailbox problem to Mrs. Hallman.

Mr. Clauser learns the trials of a "suitcase teacher." No room—so from class to class he goes armed with equipment of all kinds.

Picture Above — Mr. Lesak shows his homeroom to Mr. Keim —one file case in the upper hall.

At Right—First Payday! Mr. Ervin and Mr. Lahovski decide to frame the first check!

Good Food From the Distaff Side and Good

Whether preparing super-special hoagies or delectable holiday dinners, the task is well done when these culinary artists are on the job.

Mrs. Mary Zirinsky, head dietitian, is the brains behind the Flamingo Room lunch program. And with it all she finds time to help us prepare hundreds of dainty prom and party delicacies.

Mr. Oscar Dilliard is our genial master of the dishwashing department.

Reading from left—Mrs. Eva Lerch, Mrs. Ellen Gardner, Mrs. Marion Gehret, Mrs. Ellen Hauser, Mrs. Madeline Kohler, Miss Phyllis Kocher (Cafeteria secretary), Mrs. Stearla Young, Mrs. Helen Reppert, Mrs. Retta Wahl, and Mrs. Abbie Smith.

Here is proof that the food is good. The staff enjoys it.

Company All Around, Naturally They Rate with Us.

Dr. Eichler and our teachers honor Mr. McGill at the last faculty meeting.

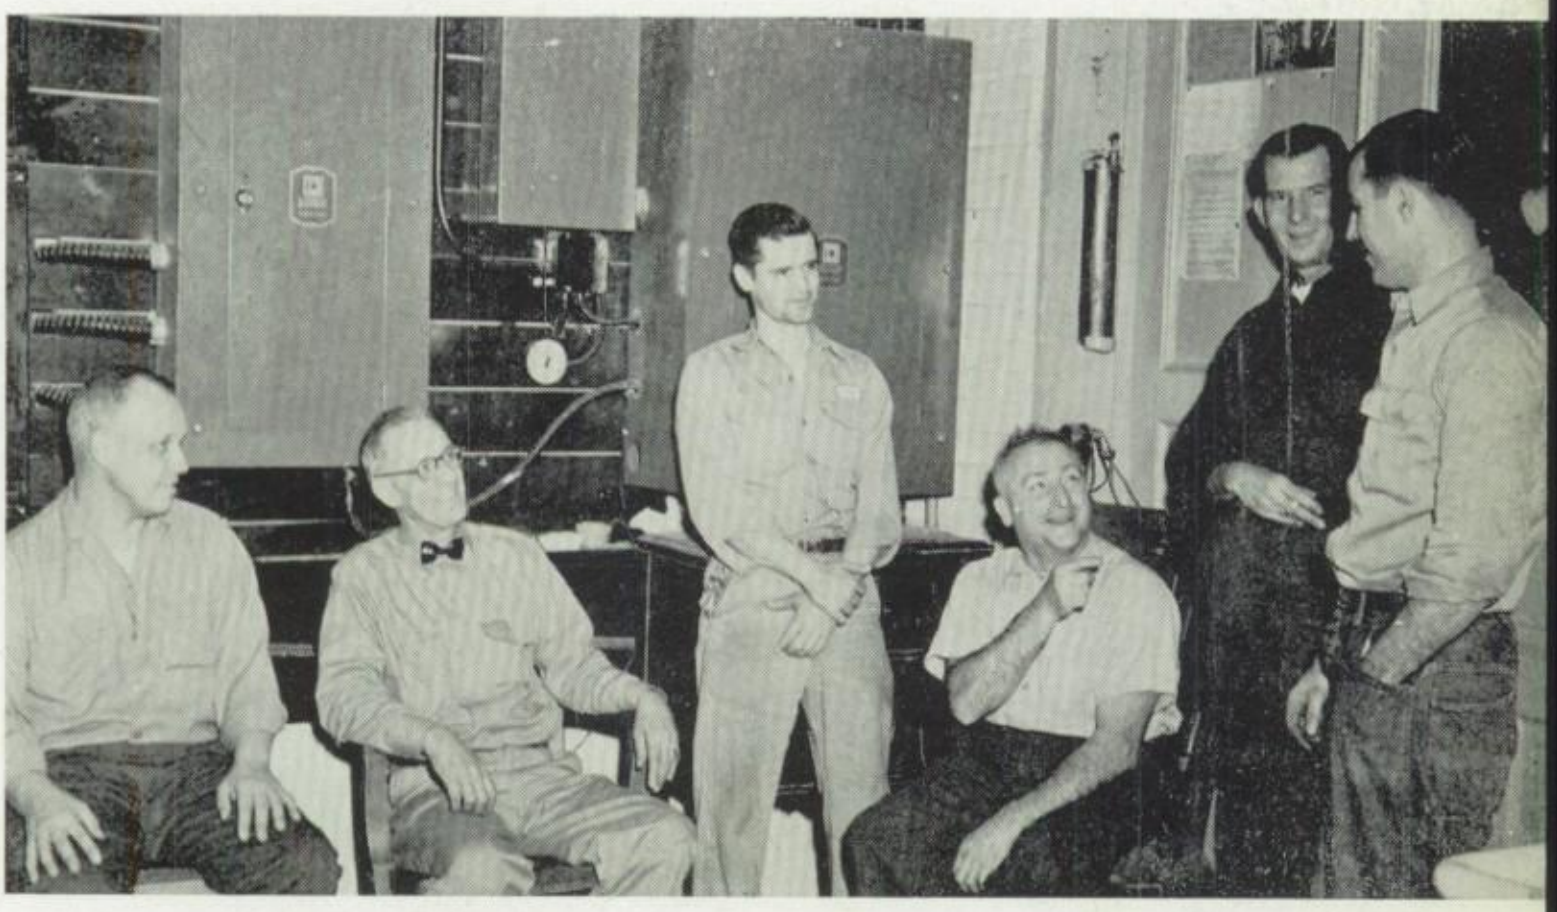
"Mr. McGill retiring? What shall we do without him?" Those were our thoughts when we learned that our "Mr. Fixit" was leaving N.A.J.H.S. after twenty-three years of faithful service.

Mr. McGill joined our custodial staff in 1932 and soon became head maintenance man, a position which he held until his retirement this past June.

Whether the problems were electrical or plumbing, stage scenery or stubborn curtains, "Charlie" could solve them with a smile. We shall miss you, Mr. McGill.

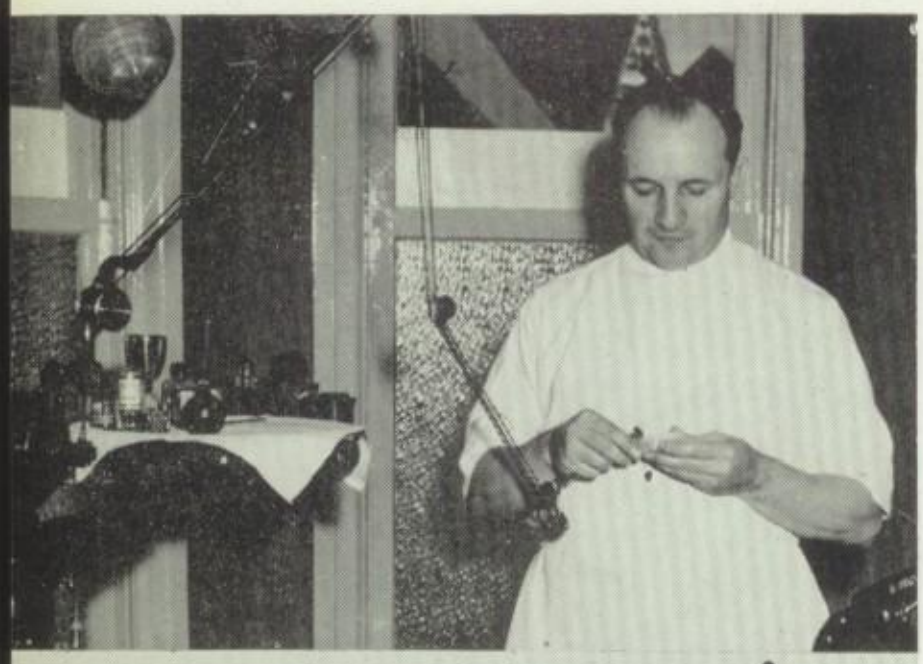
May the years ahead bring you health, happiness, and jobs to keep you busy.

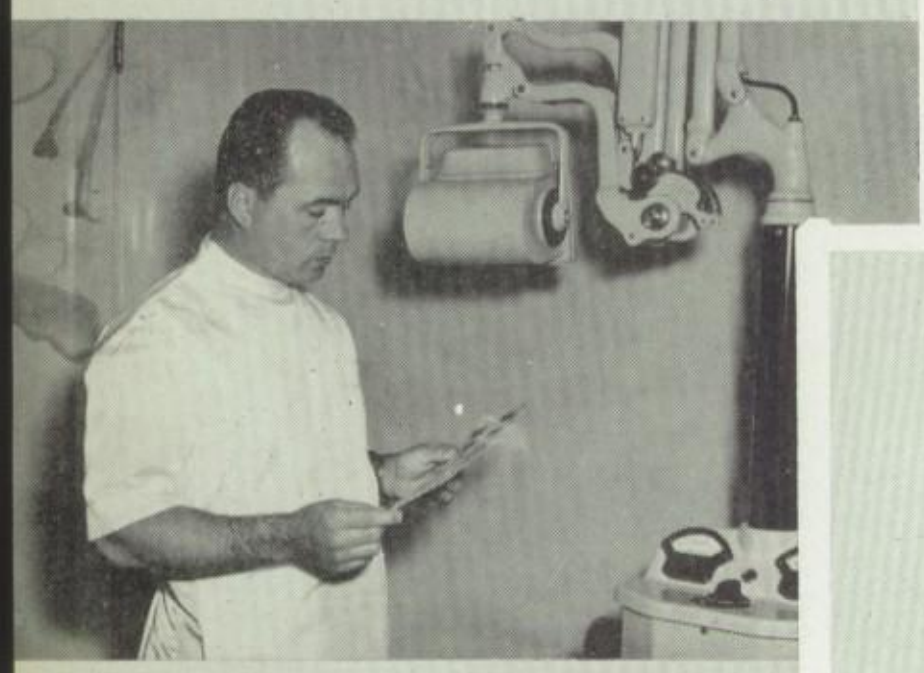
From the raising of the flag to the banking of the boilers, these are the men who make life comfortable and ship shape for us. Our custodial men are truly the unsung heroes of the school.



Mr. Charles Druckenmiller, Mr. Pearly Druckenmiller, Mr. Joseph Breitfeller, Mr. Robert Stuber, and Mr. Alfred Lauer greet Mr. Harry Rehrig, our new maintenance man.

Caution! "Check-Up" Experts At Work.





"Open your mouth!" or "Take off your shoes!" are familiar orders in the medical room.

There is no fear here when we meet our cordial medicos for our regularly scheduled examinations.

Dr. George Hrishko, Dr. Charles Moritz, Miss Lillian Stettler, Dr. Mahlon Miller, Dr. Sidney Parmet, and Dr. Charles Sieger.

Going Classical

The Classical Lamp

Coming into existence during the Golden Age in Ancient Greece was this saucer type classical lamp used by rich and poor alike.

These lamps were made mostly from clay, glazed or unglazed. They varied in size from tiny night lights to large, ornately decorated lamps. Olive oil was used as the principal fuel and was ignited by iron flint.

A Golden Age in culture was born in the light of the classical lamp.

Indian maidens danced to the sun god.

And we admired dauntless pioneers, including "Cotton Mouth Gertie" from Rattlesnake Gulch.

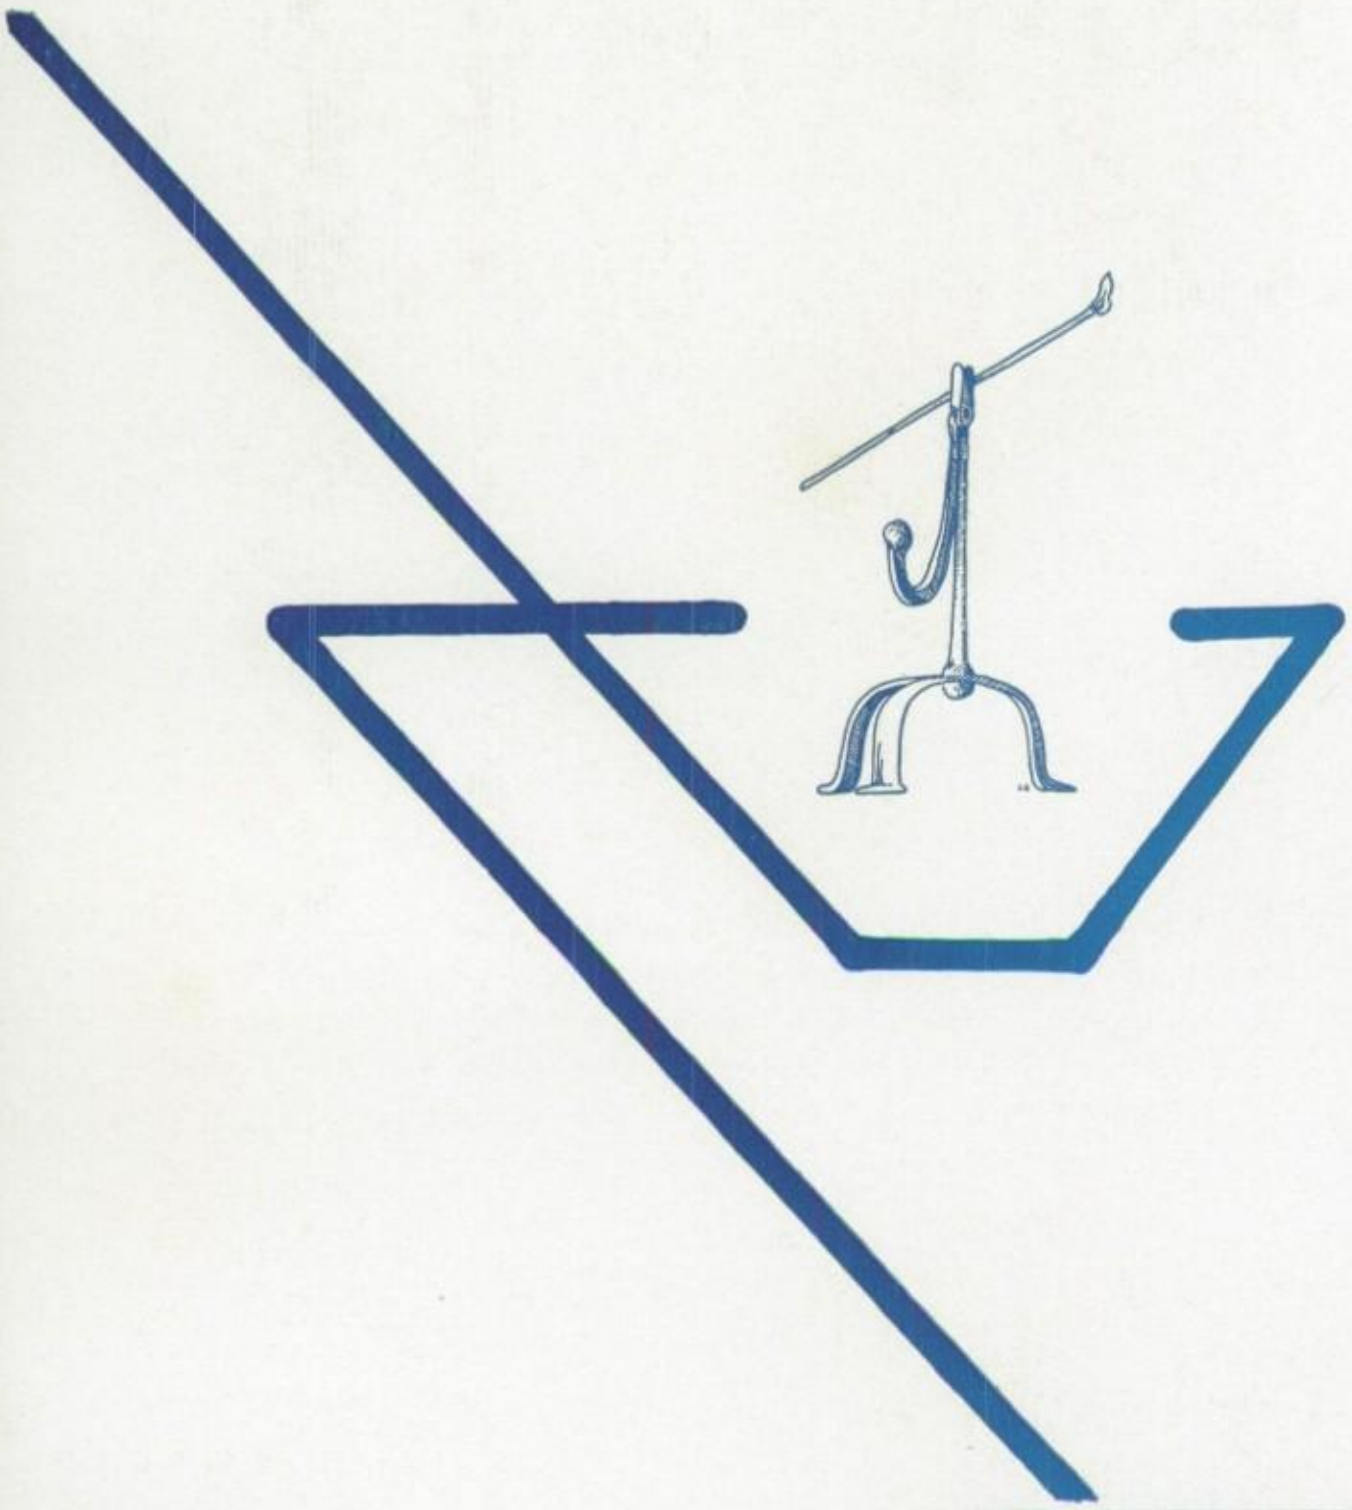
Joining the Rush



The Rush Light

Medieval Europe basked in the glow of the Rush Light. This slender holder with its burning rush was introduced to our shores by the earliest pioneers.

The holders had to be forged out of iron or carved out of wood. Then the rushes were gathered in wet places, dried, and dipped into grease. Later they were placed in a slanting position in the holder and were lighted by flint and steel "strike-a-lights." They burned very rapidly and emitted a pungent odor.

Today this lamp is the symbol of the famous Rush Light Society.

Underclassmen

Generally life is one big RUSH for our underclassmen. However, on a fine October day a fire drill is an excellent excuse for a leisurely stroll back to classes.

Testing Our Candle Power

The Candle

In colonial America winter was candle-dipping time in every home. Candles for every day use were formed by dipping wicks of cotton again and again into tallow. There were beautifully molded candles, prize posessions in every household. Later there were patent candles of stearine, paraffin, and wax. The candle holders, whether pricket, socket, or taper style, were highly varied in design. Many were equipped with snuffers or pincers. The tinder box and sulphur splints supplied the light.

The candle became the symbol of burning love towards Christ on Candlemass Day, February 2, which is still marked on Church calendars today.

Besides planning the school semiformal manship, supporting all school events, seeking dances, developing good school spirit and sports-the answers to our questions and problems, Student Council's one main purpose is to promote a friendly atmosphere in a smooth running school where both the students and the teachers are happy.

"I pledge myself to uphold the high purposes of this Society to which I have been selected . . ."

With these words another ten per cent of the senior class is officially inducted into the National Honor Society. Character, leadership, scholarship, and service are the qualities which determine such membership.

With headquarters in Room 25 and under the leadership of Miss Marian Laubach, this organization engages in activities which range from sponsoring school dances to theatre parties and social gatherings in homes of obliging members.

This year the National Honor Society has the privilege of selecting a nominee for the American Hall of Fame.

In Tri - Hi - Y We Are One

The one hundred and eight members of our Senior Tri-Hi-Y give willingly of their time to better the home, the school and the community through their club projects and activities.

The Alpha I Sophomore Tri-Hi-Y initiated a new savings stamp project this year which soon gained favor with everyone. Each Wednesday morning students now have the privilege to do business with Uncle Sam. Alpha I also brings glamour to the Turkey Day Game by selling Thanksgiving corsages. Their coloring books are welcome, too, in the Haff Hospital children's ward.

Striving To Create, Maintain, And Extend

The Epsilon Tri-Hi-Y girls spend long hours managing the refreshment stand at all basketball games and wrestling matches. With the proceeds they aid needy children. Two Epsilon girls, Priscilla Reinert and Janet Rossi, will attend the model U. N. in Harrisburg where they will represent the little country of Luxumbourg.

Seniors in the Beta Tri-Hi-Y Club concentrate on food baskets and clothing projects for the needy.

All of our Tri-Hi-Y clubs join hands in filling Red Cross boxes, sponsoring dances, and scheduling seven weeks of Teen Talk. Our senior girls are proud of the active ninth grade sister club and the new fledgling Tri-Hi-Y in our Wolfe Annex at Bath.

Their regular program includes school and community singing engagements, Christmas Vespers, Spring Concert, and Forensics.

Our harmony queens made their T. V. debut on Station WFMZ and had the honor to sing for Dr. Norman Vincent Peale at the Chamber of Commerce banquet. They are definitely "positive thinkers" when the subject is *Ensemble* or a song.

The newest member of the N. A. J. H. S. musical family is the *Mixed Ensemble.* This dancing dozen specializes in novelty numbers—with motions, please!

Band

The beat of the drums, lilting martial music, and a flash of black and orange means the N. A. J. H S. Bands are on parade.

Good showmanship comes from those long Monday and Friday rehearsals with Mr. C. James Kocher, director, giving the downbeat.

Our bandsmen cheerfully provide classic or martial music for assemblies, football games, Hallowe'en parades, Armistice Day services, Easter programs, spring concerts and Memorial Day parades.

A selected ensemble provides the intermission musical fare at all dramatic events.

Then comes that day in June when we celebrate Northampton Day at Dorney Park and find the big attraction is our own Black and Orange on parade.

"Behind the Scenes" Men

With a bit of imagination and a twist of the rheostat these *Stage Crew* boys produce magic effects. Whether they are planning a complicated Christmas Vesper light plot, highlighting senior class players, or spotting Junior Speakers they make the show go. Besides studying special lighting effects with their adviser, Mr. Reiff, our stage crew boys man the switchboard for regular weekly assemblies.

Photo Bugs on the Loose

Moments that live! You can capture them all in a good photograph and these amateur shutter bugs do just that.

In *Photography Club* they learn the principles of good composition, correct developing, negative printing, and enlarging. Objective No. 1? To win at least an honorable mention in the spring photo contest.

Mind Over Muscle

"A sound mind in a sound body." Books may give you the first, but try the bar-bells for the second. Visit the Wolf Annex Gym any Friday and you will find *Weight Club* members in action lifting 145-pound weights with grace and ease. Here Ed Keglovits holds the 185 lb. weight lifting record and Steve Micio stars in pinning techniques. This is the proving ground for Coach Harry Wall's wrestling champs.

Order of the "N"

Northampton's ambassadors of good sportsmanship are the twenty-three members of the *N Club* who set clean living as their goal.

May anyone join the N Club? Those students who earn enough activity points to quality for an "N" automatically become members of this club.

Selling booster tags, promoting the Thanksgiving Football programs, and sponsoring a dance are projects which enable the club to purchase the favorite N Club sweaters.

Zing-g! And another ace marksman hits the target. Learning ballistics, the anatomy and care of a gun, safe aiming, and reloading shells keeps these twenty-eight *Rifle Club* members happy. Comes the spring, there is always a special trip on the calendar.

Rod and Reel Experts

When our thirty-seven "Complete Anglers" get together, there is much talk of casting, tying flies, and the "big one" that got away.

The *Fishing Club members* hear much about sportsmanship and the art of conservation at their Thursday meetings. They practice conservation by stocking our streams regularly!

Gridiron Briefing

While football is a quick action game for fans, it is a game of complex strategy for the players. On Mondays and Fridays *Clinic* members gather in the locker headquarters to learn offensive and defensive play. They study the mistakes of the last game in slow motion film. These are real training grounds for coach Al Erdosy's varsity football players.

Tricksters on the Bars and Tramp

Moans and groans mean our *Girls' and Boys' Gym Teams* have completed another session of snappy activity. Precision is the key word as these students develop skill, form, and muscular coordination in their performances on the trampoline and the parallel bars.

In addition the girls, directed by Mrs. Helen Wanisko, develop grace and ease in mastering difficult routines in tumbling and interpretive dancing.

Mr. Albert Erdosy teaches the boys the fundamental techniques in performing with agility on the gym apparatus or in building pyramids.

Both teams constantly have one goal in mind —to give a stellar performance in the May Gym Exhibition.

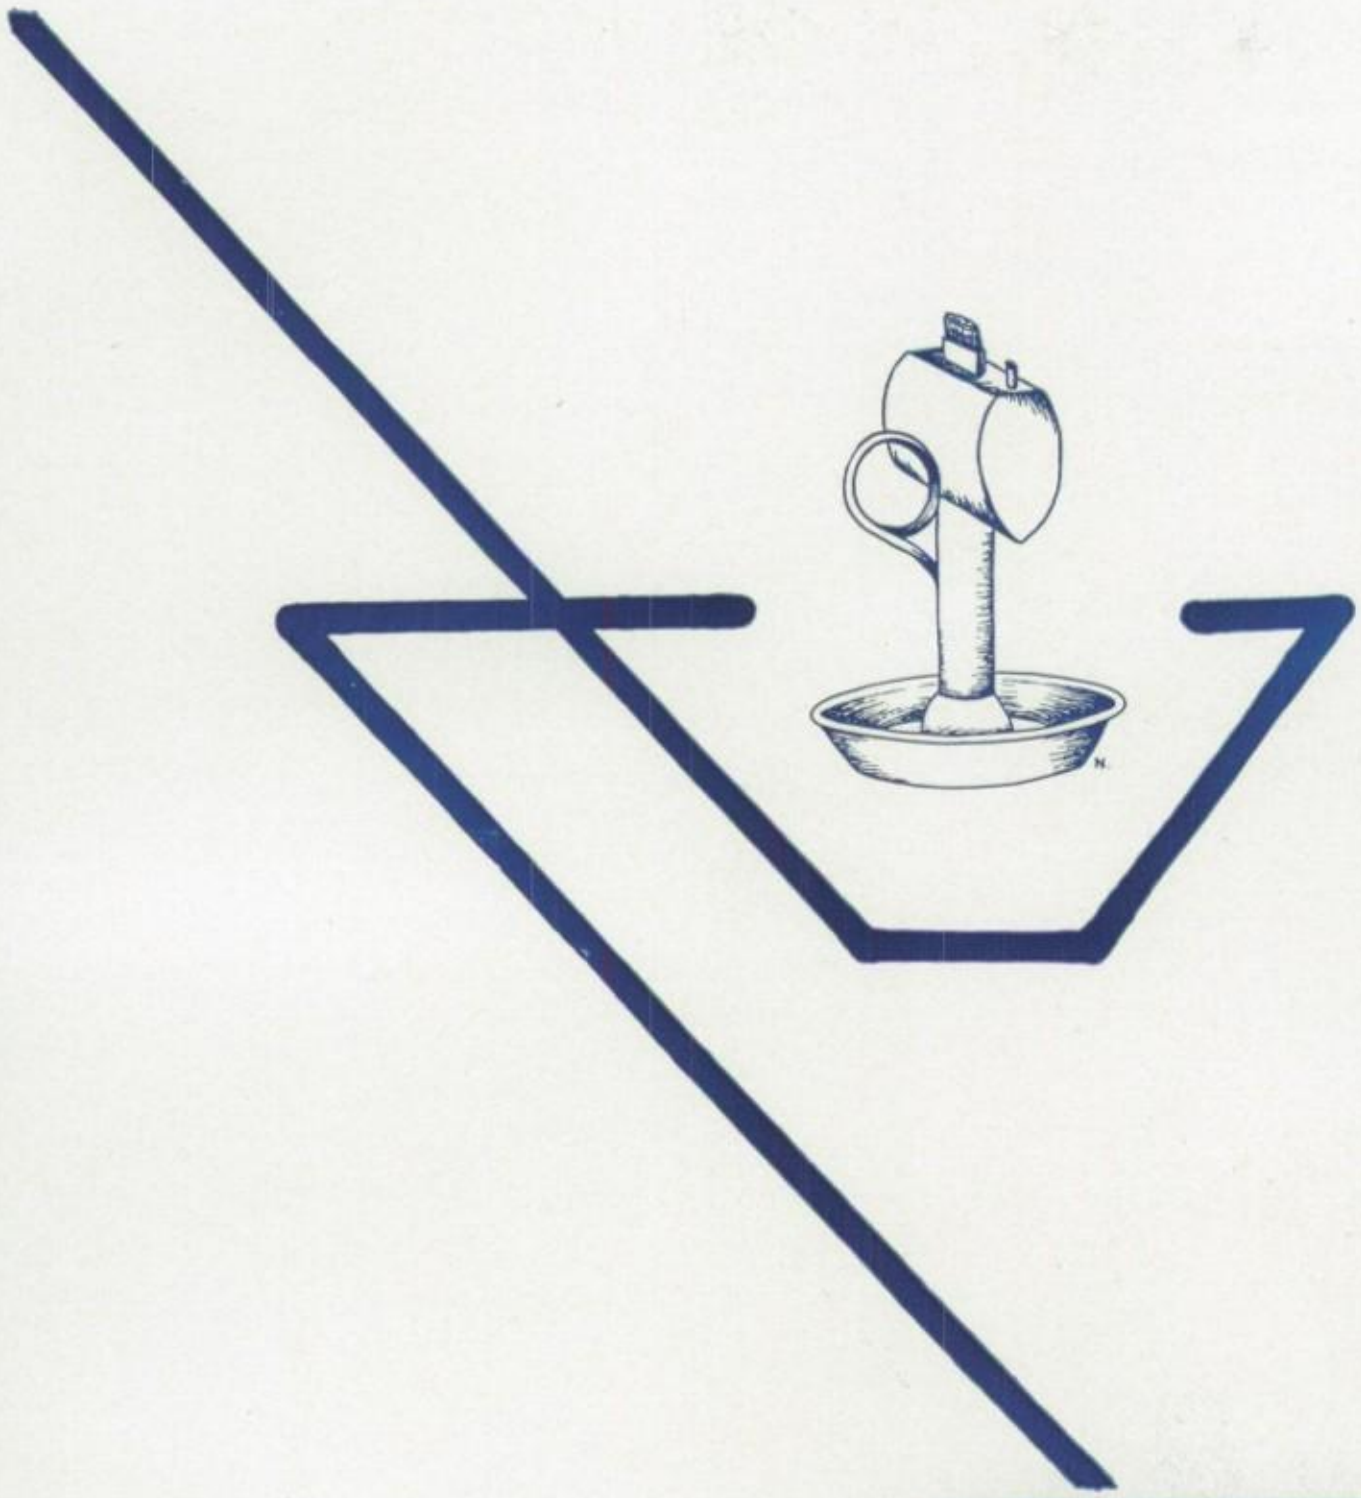
Burning the Wick at Both Ends



The Fat Lamps

A search for better and cheaper artificial light now leads us from the swinging lard lamp of 1800 to the kerosene lamp of 1860.

These were the lamps of fortune for New England whaling captains and Pennsylvania petroleum hunters.

The Civil War was the "Coal Oil Age." Its ingenious lamps were made from pewter, china, glass—anything, even seashells. At last the American housewife could afford fixtures in every room.

Now appeared the central wick, which was the ancestor of modern lamps. Lighting these became a real pleasure after the invention of the friction match in 1827 which gave the world the first original lucifer.

Feature Activities

Kris Kringle's Kapers, our Christmas Prom, was a perfect climax to 1954 activities and sparkling incentive to more fun in 1955.

B-E Day

November 4 marked another Business-Education Day milestone in our history. Our faculty joined the members of the Northampton Chamber of Commerce at luncheon.

The afternoon assignment, learning more about local business, proved very interesting for our teachers as they visited scheduled industries. From all reports it was a most successful B-E Day.

There was an extra shine on blackboards, desks, and books the night of November the tenth when many of our parents came to school. They inspected our classrooms, gave attentive ear to teachers' comments, examined our work, and joined in a bit of sociability. Student progress means parental progress and a wholesome life for all. One of the doors to better understanding is Open House.

A Night For Positive Thinking

Mr. L. J. Boucher presents the "Golden Deed" to Mr. R. Schaffer, president of the school board.

Rarely do we have the good fortune to witness history in the making. This was it for us—a thrilling moment indeed at the Annual Chamber of Commerce Banquet. Graciously Mr. L. J. Boucher, plant manager for the Universal Atlas Cement Company, presented the deed to a twenty-acre tract of land to Mr. Robert D. Schaffer, president of the Northampton School Board. This tract of land lying north of Memorial Community Hall will be the site of our new senior high school.

Today our town possess a lovely Community Park and a fine Community Hall, thanks to the generosity of the Universal Atlas Cement Company. And now the foresightedness of its industrial leaders will make possible great advancements in education. Truly the Universal Atlas Cement Company has the real community spirit.

Serving as waitresses at the Chamber of Commerce Banquet gave May Ann and Judy one of those golden opportunities. They met the main speaker—that world renowned theologian, lecturer, and author—Dr. Norman Vincent Peale, minister of the Marble Collegiate Church, New York City.

After hearing his impressive message, "Formula for Effective Living," we understood why the National Education Association named him the recipient of the American Education Award for 1955.

Dr. Peale, thank you for "Imperturbability."

Mary Ann and Judy meet "Mr. Imperturbability", Dr. Norman Vincent Peale.

Miss Val Lauder, our Lyceum speaker, gives journalistic pointers to our high school editors as she emphasizes, "The art of writing comes from practice, not chance."

Young Australian newsmen, John Bourke and Colin Smith, spend half of their six-month visit in the U. S. here in Northampton getting "hep" to local customs. Their reaction may be summed up as a "dream come true." As for us, we learned much about "the land down under." Good luck, John and Colin.

Kris Kringle's Kapers

The air was filled with music as we danced to the tunes of Matt Gillespie's orchestra at Kris Kringle's Kapers.

The girls in their stunning new holiday gowns and the boys in their sleek new suits gave the Community Center an unusually resplendent look.

The big moment of the evening arrived when Betty Kraynick, Student Council President, crowned the King and Queen of the Kapers, their highnesses — Esther Gardy and Richard Reimer.

Will anyone forget that first glimpse of the festive buffet table prepared by our Student Council? The hundreds of dainty sandwiches topped with water cress, shrimp, and anchovies would have rated A even with Duncan Hines.

Our calendar included a variety of dances from "Poor Man's Square Dance" to the "Victory Hop", but Kris Kringle's Kapers was the peak of the social season.

January 26, 1955—

Dear Diary, this was it! The night of the long-awaited senior class play, a 3-act farce entitled *Second Fiddle*, written by LePelley. This was the highlight of our senior dramatics, and watching my own classmates perform was especially thrilling.

I'll never forget shy Don Lutte as the confused young writer, Harold Werple, who was engaged to Dorothy Van Stratton, a prominent society girl. Everything happens during their engagement — including Harold's mistaken marriage to another woman. This play had everything — comedy, romance, and suspense — with Miss Laubach pulling the strings.

How I would like to see it again tomorrow! Perhaps I'll go . . . if we don't have a chem test!

Juniors Speak Up

Our Junior Speakers—Robert Turnachik, Stephen Seyer, Mr. Donald Ervin, *coach*; Donald Summons, Janet Rossi, Harriet Reph, Jayne Kuntzleman, and Dorothy Finn.

On the Junior 1955 Calendar

February 24 was a red-letter date—the date of the twenty-ninth annual Junior Speaking Contest.

In the auditorium the air seemed electric with excitement as an attentive audience studied the speakers' dramatic appeals and then eagerly anticipated judges' decisions.

Dorothy Finn and Stephen Seyer proved their speaking abilities were not just talk as they proudly accepted the first prizes. Janet Rossi and Donald Simmons received second place honors.

The contest judges—Dr. Barker of Lehigh University, Dr. Erskine of Muhlenberg College, and Dr. Wotring of Cedar Crest College—commended upon the excellence of all the speakers and the fine coaching done by Mr. Donald Ervin.

To make the evening complete there was a mezzo soprano solo by Mary Ann Heil, a piano solo by Doris Mae Rosencranz, and selections by a Junior clarinet quartet and the Girls' Ensemble.

March – and a Musical Tribute to Spring

March is ushered in by the Junior High School Girls' Chorus in "The Spring Flower Parade."

Our cameras caught rehearsal shots of what later proved to be an outstanding *Junior High School Spring Concert.*

Under the batons of Mrs. Santee and Mr. Kocher, choruses, bands, trios, quartets, and ensembles performed varied musical selections with zest and feeling.

A capacity audience enjoyed all numbers from the amusing *folk tune,* "The Big Brown Bear," to the thrilling finale — "America, Our Heritage."

Caution, Handle with care! The ninth annual Lehigh Valley Science Fair is underway. This contest, sponsored by the Allentown Call Chronicle, gives budding Einsteins throughout the area a chance to show their scientific knowledge and know-how with their individual projects.

Judged for clarity, neatness, scientific thinking and originality, the projects must be self-made and the students must be able to explain them satisfactorily to the Judges.

Focus On Forensics

Each year, come March or April, students from high schools within a six-county area gather to compete in the annual Eastern District Contest of the Pennsylvania Forensic and Music League, which has been sponsored by the University of Pittsburgh since 1928.

One o'clock, the Friday afternoon of March 25, marked the eighteenth consecutive year in which NAJHS played host to scores of contestants.

Taking top honors this year was our own high school with twelve coveted first places. Our talented winners will travel to York to compete in the State Forensic Contest which will be held on April 28, 29, 30.

A Spectrum of Radiant Energy

A glimpse at the annual Art Exhibition convinces us that life is never dull in Room 31. This is the room which bulges at the seams with creative ideas.

Here a student will find some medium to suit his taste—be it crayons, oils, water color, tempera, finger painting, block printing, poster work, silk screening, or ceramics. The processes studied here are too numerous to mention.

We are grateful to Mr. Kleppinger and his proteges for our splendid monthly calendars, our publicity posters, our *Amptennian* art work, and our numerous stage settings.

IN THE SPOTLIGHT

"All work and no play" is never the story at N.A.J.H.S. So one hour per week is set aside exclusively for student assembly.

In the beginning of the term a schedule is released indicating specific dates on which different homerooms have charge of the program. Our student performances are essentially entertaining. Typical programs include one act plays, skits, variety shows, pep rallies, and musicals.

Then there are programs of a more serious nature sponsored by the school. These include invited speakers, industrial

demonstrations, induction ceremonies, moving pictures, and the annual "Welcome" and "Farewell" program presented by the administration.

A Night In The Witching Meer

Hansel and Gretel

For days high school halls were ringing with the lilting tunes from Humperdinck and Wette's ever lovely *Hansel and Gretel.* Our little visitors from grades 4, 5, and 6 were preparing a show that no one wanted to miss on March 17.

From beginning to end the audience was charmed with the lovely singing, the fine acting, and the attractive stage scenery. No one will ever forget Linda Wall and James Cole as Hansel and Gretel, or Sandra Barter as a most malicious Cookie Witch.

We say congratulations to all concerned and special orchids to Mrs. Constance Leidy and Mr. Leon Kuntz, music directors, and to Mrs. Kathryn Herrick for a most entrancing Cookie House.

The theme of the graduating class of 1954 was pictured brilliantly in their commencement pageant, "Now It's Our Turn," a story of memorable events that paralleled their lives.

Flashback scenes portrayed great moments in history from 1936 to 1954. Among these were

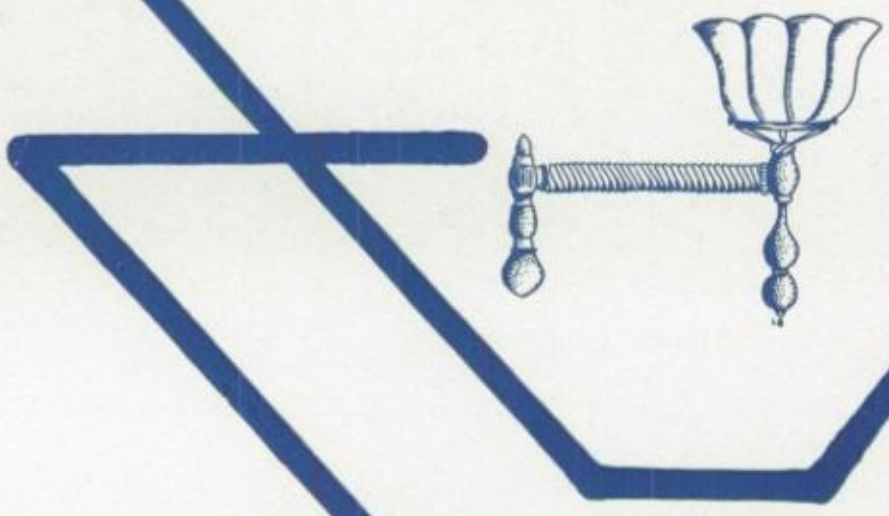
Sparking Our Gas Jets



THE GAS LAMP

The rival of electricity was first advertised in Baltimore in 1816 as a "gas-light without oil, wick, tallow, or smoke." Although many years passed before gas was accepted, Americans finally turned to it enthusiastically.

Kerosene lamps died out quickly since gas could be piped to every corner of every room from a central source—and the "Gas Light Era" was here.

The battling Konkrete Kids, unfortunately suffering a season of injuries and senior losses through graduation, dazzled their way to second place in the league with a record of 6-2-1. For the first time in 19 years the Black and Orange Champs lost their first game to the Whitehall Zephyrs. As it was, the Lehigh Valley championship was missed by only one point.

Northampton at Phillipsburg

The Black and Orange raised the curtain for the '54 season against a veteran laden Phillipsburg eleven. The Konkrete Kids, outclassed but not outfought, never quite got rolling. De Garolomo led the P'burg defensive as they stopped the Kids cold, play after play. Snyder, Barbadorn, and Opdyhe shared the scoring honors as the Garnet rolled to a 19-0 victory.

Emmaus at Northampton

2500 fans stared in misbelief as a sharp Emmaus team, affected by the 90° heat as we were, pinned a 13-13 tie on the Konkrete Kids at Wolfe Field. The Green Hornets took a 6-0 lead but N.H.S., defending Lehigh Valley League champs, came to life on a pass play from Hoffman to Gassler. Rich Chaback bolted over from the 3 yard line. Shimer temporarily put the Kids in the lead on a 30 yard gallop. The fatal fourth quarter saw Buss return a kickoff 88 yards. Dennis put on the clincher as his PAT hit the crossbar and bounced over for the all-important point. Inexperience tells the story. Emmaus, on the other hand, had a veteran team whose members, almost intact, played against us in the season before.

Whitehall at Northampton

Northampton's 22 year victory reign over Whitehall came to a screeching halt as the Zephers pinned a stunning 13-7 upset. Rich Reimer put the Krippled Kids ahead on an off tackle jaunt and added the PAT. Whitehall did all the scoring it needed in the second period. Marks passed for one score and the QB sneaked for the other.

Northampton at Slatington

The injury riddled Konkrete Kids recorded their first victory of the campaign by submerging Slatington 26-18. It proved to be a costly victory as the Kids lost the services of Richard Reimer, veteran FB, for the remainder of the season. Jack Lucky ran for 2 TD's and Shimer ran for one. Hoffman took a pass for the other Black and Orange score. Slatington's big threat, Schleicher, scored twice for the losers.

Palmerton at Northampton

Northampton's line played a prominent role as the Konkrete Kids rocked and socked their way to a 39-0 triumph over Palmerton. Mike Bendekovits blocked two punts, with Ed Gassler and Frank Ifkovits recovering for the Black and Orange, to set up scores. Robert Bach led the linemen as they held the Blue Bombers scoreless. Steve Kotch and Charles Shimer paced the offensive with 2 TD's apiece. Rich Chabak and Jack Lucky also shared in the scoring.

Northampton at Lehighton

Bewildered by the mud and the Lehighton defense, the Kids were held to a scoreless first half tie. With their offense back to precision form, the NHS "11" started to roll in the sec-

ond half. Lucky scored three times to lead the steamroller attack. A pass from QB Kotch to End Ifkovits set up a score with Charles Shimer doing the honors. Bob Reimer split the uprights twice and Shimer once to sink the Indians by a tune of 27-0.

Northampton at Bangor

Bob Reimer ran 66 yards when he recovered a fumble early in the first period to give Northampton a 6-0 lead. Frank Ifkovits set up the Kids second score by taking a 40 yard heave f·om Charles Hoffman down to the 5 yard line. Lucky bolted for 2 TD's and Bob Reimer converted twice. Miller scored both of Bangor's TD's. The hard fought contest ended with Northampton a 20-13 conqueror over Bangor.

Northampton at Stroudsburg

By walloping the Stroudsburg Mountaineers 47-14, the Konkrete Kids rolled up their biggest point total of the season. The NHS footballers reached their peak in the third quarter by copping 7 TD's. The substitutes finished the game by yielding 2 TD's to the Poconos. The scoring was divided among five men. Lucky led with three TD's, Shimer two, Lutte and Marth each one. Bob Reimer toed 5 PAT's.

Catasauqua - Northampton

Turkey Day found Northampton High's powerful ground attack riding the Catty Rough Riders into the soggy turf at Muhlenberg Field. The first period was a 7-7 deadlock with Lucky and Salivonchik doing the scoring. Coach Al Erdosy's charges iced the contest in the second half as Lucky and Shimer bolted over for scores. Ifkovits picked up a blocked kick and scampered for another TD. In the second half, Robert Reimer and Shimer picked up a pair of TD's on short plunges. Catty scored twice against the NHS subs and the final count stood at 39-19.

Losing 17 seniors from the 1953-1954 championship team, the 1954-55 edition was stacked mainly with raw unseasoned Junior Varsity members. Many of them were not yet adjusted to varsity playing, and it took a game or two to gain some poise. However, the steady improvement in their performance was evident as the team regained the precision that the fans were used to seeing. By mid-season they were in top form, and their efforts for the remainder of the campaign reflected a good job done beyond anticipation.

The Black and Orange mat men nailed down second place in the Lehigh Valley Wrestling League which is now five years old. In 1951 the Kids finished fifth; in 1952 fourth; in 1953 first; in 1954 third; and in 1955 second—with the added honor of capturing two of the eleven State Titles. Truly a record to be proud of.

Five returning lettermen took to the mats in N.A.J.H.S.'s season opener against Easton and were handed a 38-19 licking by the veteran Red Rovers. Micio, Keglovits, and Billy led the Kids

by splitting 17 points, and Brownmiller scored the other 2 in holding his man to a draw.

Taking on Washington, N. J., the Konkrete Kids put the lessons they learned from Easton to good use with Co-Captains Kulp, Micio, and Keglovits scoring pins in the 39-14 triumph.

The Black and Orange ground the Allentown Canaries into the mats with a rewarding 28-12 victory on the loser's mats. Steve Micio and Breitfeller scored falls with Micio pinning his man in 0:12.

Coach Harry Wall's proteges outclassed Nazareth by a 41-5 tune. Don Santo pinned Beck in 1:16 with a Bar and Chancery.

In a battle for second place the Bethlehem Hurricanes succumbed to the Kids' winning ways by a 24-16 count. Battling in the 165 lb. class, Don Kleppinger came through with a 2-0 decision over Mikalow.

Next NAJHS rolled up a 31-16 victory on the Phillipsburg Stateliner mats. Using a body press Ed Keglovits spiced Northampton's Black and Orange victory with a 1:08 pin.

Trying for a first place tie, the Kids fought desperately before going under to Easton 30-16. Bob Meyers' victory paced the Northampton attack.

Back to their winning ways, the Black and Orange again proved their superiority by lacing Washington, N. J., 30-10. Kulp, Micio, and Keglovits scored falls in a repeat performance, and Keller, replacing the injured Brownmiller, posted a decision over his opponent.

The Konkrete Kids walloped Allentown by running up a 35-16 win to keep intact their league record of never having lost to the Canaries.

Billy, Lotti, Breitfeller, Micio, and Keglovits scored falls as NAJHS's mighty matmen nicked Nazareth 40-5.

In a nip and trick match Bethlehem downed the K.K. 24-21 with A. Lotti avenging an early season loss to Ayre by pinning him.

The Kids finished the season by walloping P'burg 42-6 in the final match. Paul Miller and Rich Santo, up from the JV's scored first period pins. Coach Wall and assistant coach A. Billy's charges wound up the season with a fine 9-3 overall record. Ralph Wagner's JV's completed an undefeated season by garnering nine victories and a tie.

Our three District 11 champs—Meyers, Micio, and Keglovits—went on to the Northeast Regional Tournament and all three survived the preliminaries.

In the finals Micio and Keglovits beat District 4 champs, Moyer and Reigel. Meyers went under to district 4 champ, Lertz.

Our regional champs advanced to the State Tournament at Penn State. Both boys took the preliminaries and continued on to the all important state finals. Co-Captains Steve Micio and Ed Keglovits competing in the 133 and 154 class captured state champ honors as Micio defeated Milligan from Washington High School and Keglovits downed Kottmeyer from Lancaster High School. With one hundred and twenty-seven Pennsylvania high schools competing for eleven state titles, we can be justly proud that Northampton won two of these—many thanks to Steve Micio and Ed Keglovits and their fine coach, Mr. Harry Wall.

VARSITY BASKETBALL

Our varsity basketeers and their Coach, Mr. Peter Schneider, had their ups and downs as they completed a snappy 9 - 9 season. After a slow start in pre-season games, the NHS ballhawks gradually picked up lost ground as they gained valuable experience.

With only two seniors competing, the Konkrete Kids opened the exhibition games with Parkland. The Trojans emerged victorious with a 76 - 50 victory. John Lucky kept the Kids in the contest with 19 points.

Next on the agenda was Coplay, with the Wildcats grabbing a 64 - 63 last minute thriller. Gerald Simcoe led the Black and Orange with 15 markers. Dave Keen and Bethlehem's high scoring Hurricanes took NHS for a 92 - 40 roll. On the rebound the Kids nabbed a 55 - 52 victory over Phillipsburg's Stateliners in preparation for league competition.

The league season got under way with the tall Palmerton Blue Bombers outclassing the Kids by a 73 - 32 count. On the next round victory

JUNIOR VARSITY BASKETBALL

Starting with a young and inexperienced team, Mr. Lee Sieger made his debut as the Junior Varsity mentor. Lacking in reserves, the junior hoopsters bustled all the way, capturing four league games and dropping ten. The competition was much more intense than the final 5-13 record would indicate.

Robert Reimer's all around floor play enabled the J. V.'s to make the games close and interesting.

The rebounding task fell into the hands of Herb Guss and Walter Hucalak, while Joseph Miksits provided the outside shooting with his deadly set shots. Joe Suto's dazzling dribbling electrified fans and opponents alike.

Steady scoring by Guss, Reimer, Miksits, and Hucalak provided the season's bright spots as they conned 172, 157, 154, and 138 points respectively.

Our ready and able reserves, headed by Feidler and Crowell, helped to spark the Big Five.

Come next season. Coach Sieger's prospects are brighter since the majority of the players will return for the 1955-56 campaign.

was within reaching distance as the NHS ballboys lost a heartbreaking 54 - 53 decision to the Catasauqua Rough Riders.

Breaking out of their slump, the Kids hit the victory trail by scalping the Lehighton Indians 66 - 46. Simcoe and Lucky did most of the damage by sharing 45 points.

Stroudsburg Mountaineers suffered a 59 - 53 defeat by our win-hungry hoopsters. Next Simcoe's drive-in shots netted 21 points as Emmaus went under 64 - 56. In the following game the Kids walloped Whitehall 68 - 54 to keep their streak intact.

Slatington put a sudden halt to Northampton's winning ways by tabbing an 86 - 58 victory.

History repeats! After compiling a 4 - 3 record in the first half, the Kids did a retake in the second half. The veteran Palmerton "5" and Captain Oravec slammed the Black and Orange 75 - 36 to open second half competition.

Catty again pulled a close 53 - 51 victory out of the fire. Case and Dulick sparked the Catty "5". Simcoe's 20 point effort was tops for Northampton.

teamwork was the key to a 41 - 20 decision over Lehighton. Dead-eye shooting by Lucky and Miksits accounted for a 67 - 61 Northampton High victory over Stroudsburg. Emmaus' efforts fell short in a 58 - 55 verdict as Myers' high scoring was in vain. Whitehall went under 50 - 46 as Coach Schneider's freezing tactics paid off.

The Black and Orange finished the season in a three-way tie for third place as they bowed to Slatington in the season's final. Despite Lucky, Shimer, Simcoe, Miksits, and Hoffman hitting double figures, NHS came out on the tail end of a 72 - 68 contest to the veteran Slaters.

In looking back over the season, everyone agrees that Palmerton's Jim Oravec, Catty's Mike Dulik, and Slatington's Merril Eckert were the loop's top players. As for our own Konkrete Kids, John Lucky and Gerry Simcoe were the team's mainstays with their uncanny shooting. Edward Gassler and Charles Hoffman accounted for most of the rebounds and tap ins. Shimer, Miksits, and Amato's drive and hustle kept things moving at a brisk pace. Coach Schneider anticipates a bright 1955-56 campaign as six lettermen return for a "hoopful" season.

Championship bound. Terrific team spirit and hustle are the keys to Coach William Garret's tracksters quest for the Valley League's top honors.

Heading the list in sprints are such experienced men as Dale Salter, last year's top point getter; Ed Gassler, Donald Lutte, Frank Marth, Charles Kuntzleman, and Marvin Kuntz. Long-winded Ronald Chaback gets plenty of help in the distance runs from Kermit Waylen, Richard Chabach, Frank Mesics, and Stanley Anthony.

Ben attempts to out-jump Dale's record of 20'4' in the broad jump.

Ben Amato, Ramon Leindecker, and Gerald Simcoe soar to great heights in the high jump and pole vault events.

Weightmen Paul Miller, Robert Phillips, Herbert Engler, Ronald Lutte, and Karl Wunderler throw for distance in the shot put and discus.

In the season's first meet the Konkrete Kids downed Whitehall 54 1/2 to 40 1/2 as Ed Gassler garnered 13 points.

Visiting Palmerton was downed 59-36 in what was expected to be the season's top meet. Dale Salter collected 13 points and Ben Amato set a new NHS record as he high jumped 5'8".

Records fell galore as the Kids spanked Parkland 57-13. Dale Salter's time of 10.1 in the 100 yard dash, Ed Gassler's 55.9 in the 440, and Ron Chabak's 2:13.5 in the 880 set new Wolfe Field marks.

Another record fell as Dale Salter broad jumped his way to 20'4" in the Emmaus meet. The final score gave the Kids 57 points and 38 to the Green Hornets.

With an undefeated record to their credit and half the league games still to be played, our keen track busters hold high hopes for a 1955 trophy and a seasonal championship. Best wishes to Coach Bill Garrett and his classy Cinder Hustlers.

"Here's where team work really counts." says Coach Garrett to his relay runners.

Ben tosses a 5-year high jump record on the junk pile as officials announce his new record of 5'8".

They're off for another victory in the 100 yd. dash.

Dale breaks the tape again with the 10.1 record to defeat Parkland in the 100 yard dash.

Bob Lemon? No, here's our veteran hurler Frank Ifkovits cocked for a fiery curve ball.

In spite of April mud and rain, which has played havoc with baseball schedules and practice sessions, Coach Mike Lisetski's ball hustlers are riding on the crest of a five game winning streak and give no signs of slowing up. That electric feeling in the air means N.H.S. is going places on the diamond.

Hitting will be the chief factor in the Konkrete Kids' bid for championship, and batting is stressed at every practice as Coach Mike Lisetski's crew prepares for another big baseball season.

Back for his last season of outfield duty is veteran Richard Reimer. Other ballhawks are Charlie Hoffman, Steve Kotch, and Jack Lucky. Pushing these starters for positions are Steve Eisenreich, Ron Kuharzuck, Michael Chuss, and Dale Tutko.

Thus far airtight infielding in the persons of Phil Bollman, Ray Reimer, Robert Reimer, and

Donald Santo has come up to expectations. Spike Santo and Joseph Miksits prove to be top infield reserves.

Chief pitching candidates are Cliff Kleintop, Charles Hoffman, and our veteran hurler Frank Ifkovits (the *Amptennian's* top-notch Sports Editor.) Charlie Shimer tops the catching list and is ably backed by newcomer Mike Shimoskie.

In the season's first encounter the Kids dropped a close 4-3 decision to the Catty Rough Riders as Reds Kleintop went the route scattering seven hits. Next N.H.S. traveled to Parkland and brought home with them an 8-2 decision.

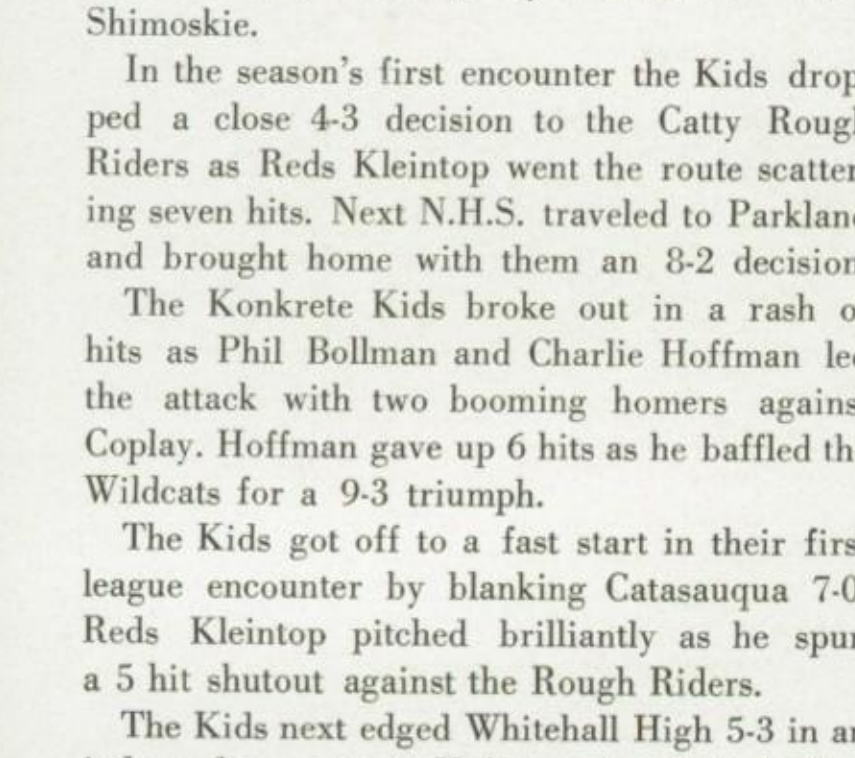
The Konkrete Kids broke out in a rash of hits as Phil Bollman and Charlie Hoffman led the attack with two booming homers against Coplay. Hoffman gave up 6 hits as he baffled the Wildcats for a 9-3 triumph.

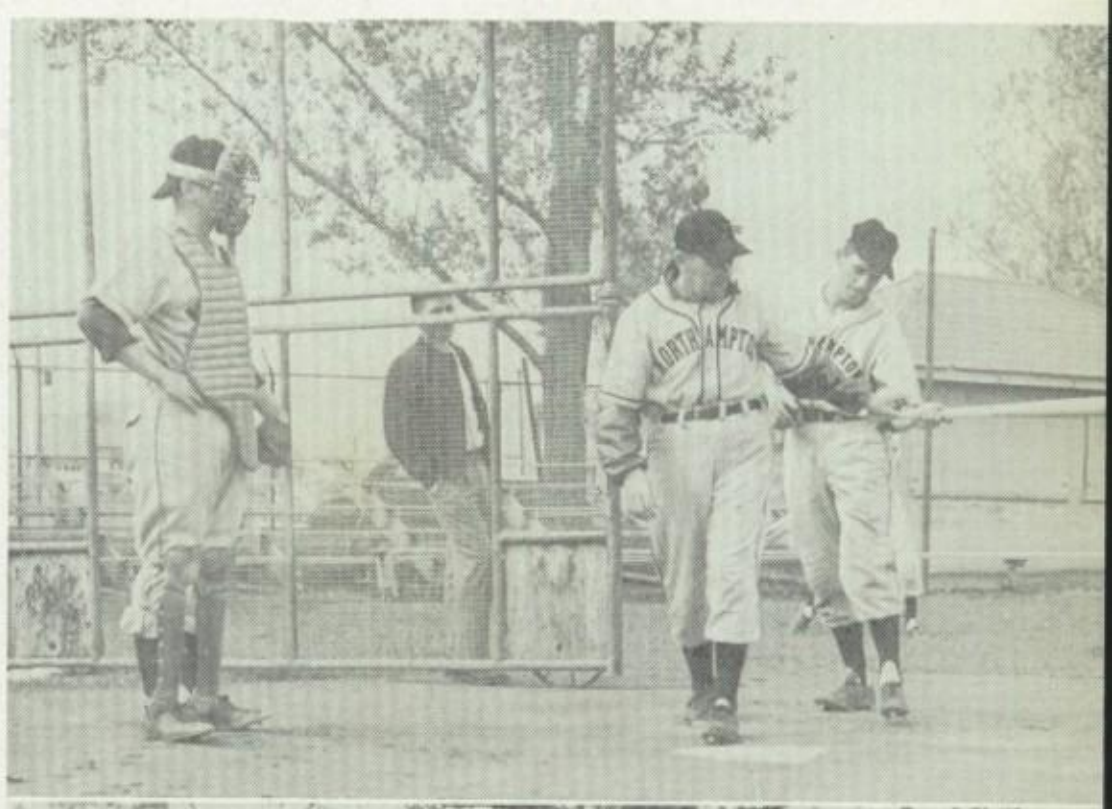
The Kids got off to a fast start in their first league encounter by blanking Catasauqua 7-0. Reds Kleintop pitched brilliantly as he spun a 5 hit shutout against the Rough Riders.

The Kids next edged Whitehall High 5-3 in an independent contest. Hoffman in relief of Ifkovits squelched a Zephyr rally to preserve the victory.

Northampton recorded its second straight league victory to take over first place in Lehigh Valley League competition. Palmerton was the victim of the Kids 10-7 victory in a free swinging game. N.H.S. collected 7 safeties while the Blue Bombers slugged 13.

The Black and Orange plays a running game and with that plans to capture a league championship for N.H.S. Lots of luck to Coach Mike Lisetski and the boys.





Coach Lisetski shows Ray Reimer the "Babe Ruth" technique.

Here's real "hot pepper" to warm up the infielders for the Slatington clash.

Dynamic pep talks lead to winning scores.

Intramural Victors Sparkle On The Hardwood

Basketball was the sole item on our intramural sports program this term due to our overcrowded school conditions.

Class competition was keen among the girls as Mrs. Wanisko scheduled a series of games for the homeroom periods. In junior high school Section 9 V. C. emerged victorious while the girls of Section 120 claimed the trophy in senior high school.

Under the direction of Coach Schneider the senior high school fellows played a series of Wednesday evening games. Once again Room 14 earned the coveted trophy as the boys in Section 120 won the 1955 homeroom basketball championship.

Intramural Champions

Section 9 V.C.—Nancy McMurray, Ann Michalgyk, Cynthia Lisetski, Florence Tanczos, Teddy Haff, Brenda Williams.

Section 120—Joyce Kohler, Evelyn Weaver, Janet Strohl, Gloria Schisler, Beverly Kromer, Harriet Miller, Lois Biery, Caroline Billy, Gail Haldeman, Sylvia Haines.

Section 120—Ihor Husak, Herbert Engler, Archie Roth, Don Lutte, Richard Reimer, Jack Lucky. Frank Ifkovits.

The Electric Light

Thales, one of the Seven Wise Men of Greece, discovered the secret force *elektra* in amber more than 600 years before Christ. Since that time brilliant men everywhere have experimented with this powerful new force, *electric.*

The climax to one of the world's greatest miracle stories came on New Year's Eve in 1879, when 3000 amazed people gathered at Menlo Park, New Jersey, to witness the first public demonstration of Thomas Edison's phenomenon—the electric light.

With a touch of the finger tips the Electric Age was born—the age that has given us that "better life" which men have sought through the ages.

Donators and Patrons

Life offers a daily challenge to all of us. Especially helpful is **Reddy Kilowatt,** our Lehigh Valley Genie, who tends to make our lives easier and more comfortable.

Producing a yearbook also was an important challenge. Our Genie took the form of generous donators, patrons, and all those who helped to bring our work to completion.

Meeting the problems in learning is likewise a constant challenge. This calls for a capable school board — such as we have known in the past and the present — whose members concentrate on the why's and wherefore's of transforming educational matter to meet modern needs.

These past Directors helped to light our way in education since 1910. Eleven former members of The Northampton Board of Education received certificates for service at a fine testimonial dinner.

Seated from the left are, Thomas Boyer, Mrs. Grace Remmell, Robert Schaffer, Mrs. Ellen Rice, and William H. Young. Standing, Roland L. Bamford, Ralph Bartholomew, Ray Santee, Russell Moyer, Harry Hartman and the Rev. Arthur S. Deibert.

ALMA MATER

Days with her we'll e'er remember,
Though our lives be long,
Here's to her whose name we'll ever
Cherish in our song.

Alma Mater! Alma Mater!
All our vows renew.
Hail to thee, Northampton High School
We will all be true.
